

22 January 2021

Dear Parents/Carers

Thank you to all the parents and carers who managed to complete the Google form that was sent out on the 11th January. Please read the attached PDF for how the school is actioning any points raised.

I am sure you will agree the teaching team is working extremely hard trying to ensure all our children whether at home or in school have access to the same curriculum. Juggling live hangouts, recorded videos, daily check-ins and virtual feedback while also supporting the children in school is no easy task.

Likewise for those parents juggling more than one child, home education and their own work, home life has not been easy either. Well done and thank you to you all. The teachers are putting so much time and effort into the learning being set, receiving the children's work back makes it all worthwhile. We understand remote learning does not meet the needs of all our children but together we can support everyone to do the best they can do.

Here are some of the positive comments we received from the survey. These have been shared with the staff and on behalf of the whole team I would like to say a huge thank you.

"The school is doing everything they can to help the children and I'm very happy with the way it's going."

"I appreciate everything school has done so far!"

"I think with the current situation the teachers have done an amazing job."

"Keep up the great work and thank you very much for all you are doing at this time."

"This online delivery is fantastic and please ignore any negative comments as we are all faced with unprecedented times"

The best place for every child is in school. However, the only way we continue to keep our school open and offer you all the support you need is by continuing to limit the number of children within the building. This lockdown is about reducing the number of contacts due to the national picture.

Once again I would like to thank you all for your continued support.

Kind regards

Mr Card

Head of School
